Little Rangers Preschool

2018-2019

The Early Childhood Program is an integral part of Forest Lake Area Schools (FLAS). We work together to assure that children transition smoothly into kindergarten. Our high quality preschool classes focus on each child's social, physical and pre-academic development. We use a play-based curriculum called Big Day for PreK, allowing children to learn through exploration and discovery. Children develop independence and the necessary skills for future success. Children will learn age appropriate math, writing, music, art, language and science while making friends and experimenting with their growing independence. Curriculum outcomes and objectives are aligned with the Early Childhood Indicators of Progress. Classes are taught by professional and dedicated staff who have experience working with children birth to age five.

Language & Literacy Ages 4-5

Prerequisite: must be enrolled in an additional preschool class and be 4 by Sept 1, 2018.

Looking to add another day of preschool? Whether you come to preschool with parents or child only preschool you can add Fridays. Children will be working on literacy skills such as listening, interpreting, speaking, writing and recognizing print. No transportation will be offered.

Ride the bus! Transportation is available for preschool.

A caregiver, 18 years or older, must be at the bus stop for pick up and drop off.

Four and five year old preschoolers can ride the bus in the morning to school and/or ride the bus home at the end of the day. Parents or care givers will have to transport in the middle of the day. Children who enroll in the Full Day preschool have the option of riding the bus to and from school. Transportation is available for students who attend preschool at the elementary where their home address is assigned. Our hope is that by providing this convenience it will be easier for families to participate in a high quality early learning experience. Space is limited and dependent on availability on existing bus routes. This service is offered free of charge. Please call (651) 982-8349 for further information.
