

FOREST LAKE AREA SCHOOLS COMMUNITY EDUCATION

COMMUNITY USE OF SCHOOL DISTRICT FACILITIES AND EQUIPMENT CLASSIFICATIONS AND FEE SCHEDULE

Revenue received from fees associated with community use of school facilities and equipment are used to recover added costs such as personnel, preparation and/or maintenance of facilities and fields, utilities, equipment, cleaning, consumable supplies, and other district costs associated with use. In order to ensure that these costs are not absorbed by and/or impacting the district's K-12 general education fund, these costs are charged back to the user based on the classification listed in section I below.

In cases where it is in the best interest of the community and school district to do so, the school district reserves the right to determine adjustments to classification placements and/or rental fees. These determinations are at the discretion of the Director of Community Education, Director of Business Services, and/or Superintendent and are made on a case-by-case basis.
