

5 STEP FIVE

PLAN, REQUEST, & SUBMIT

With your identified career cluster in mind, plan the courses you would like to take for your remaining school years.

- Check course prerequisites in the [course catalog](#) before registering.
- For each remaining year of high school, select 14 courses. Be sure all remaining required courses are listed.
- You must include course numbers for next year's courses.
- Each line = .5 credit.
- **Bold** = required course for that year. Non-bold courses are recommended to maintain balance & stay on track, but can be moved.

For concurrent enrollment Ranger U courses (all courses that are not an AP course) you must complete the [prerequisites worksheet](#) to confirm your eligibility.

Grade 9 Course Selections

Course Name	Crs #

Course Name	Crs #

Requesting for 9th grade:

- Click here to open the [9th Grade Registration Google Form](#).
- Use your planning from the worksheet above to enter your requests for 9th grade.

Requesting and submitting for grades 10-12.

- Open StudentVue and select “Course Request” on the left.
- Enter your course requests. When searching use **ONLY** the course number. (Do NOT fill in department, course name, etc.)
- Submit your Registration Worksheet into the “Submit Registration Worksheet” assignment in your Ranger Connect Canvas course.
