

Birth - 3 ECFE Distance Learning

Week 1, Focus: Shapes Around Us

Music and Movement

Cut out a circle shape or grab a paper plate and have some fun as you sing and follow the directions to the song below.

Tune: Twinkle, Twinkle Little Star

Put your circle shape in the air,
Hold it high and keep it there.
Put your circle shape behind your back,
Now please lay it on your lap.
Put your circle shape on your toes,
Now please hold it by your nose.
Hold your circle shape in your hand,
Now will everyone please stand.
Wave your circle shape at a door,
Now please lay it on the floor.
Hold your circle shape and jump,jump,jump,
Now throw your circle shape way, way, up.

Creative Corner

Shape Prints

Look for different shaped objects in your kitchen drawer, toy bin, and other places around your house. Dip the different shaped objects in a pan of water or paint (recipe below) and make shape prints on a piece of paper or the sidewalk
